Background

The U.S. Environmental Protection Agency (EPA) Headquarters (HQ), EPA Region 3 (the Region), Weston Solutions, Inc. (Weston), and CSRA LLC, a General Dynamics Information Technology company (hereinafter referred to as GDIT), held a conference call on July 15, 2019, to discuss issues identified during the first streamlined quality assurance (QA) review of the HRS package for the Blades Groundwater site (EPA ID No. DEN000304203). The specific issues discussed are summarized below.

Conclusions, Recommendations and Action Items

- Scoring Approach - Scoring Identified Sources versus a Groundwater Plume.
